World Social Work Day 2022 Celebration

Dear MASW members!

Greetings from the Malaysian Association of Social Workers!

Every year, World Social Work Day (WSWD) is celebrated on the third Tuesday of March, which is the key day in the year when social workers worldwide stand together to advocate common messages globally. This celebration also provides an opportunity for social workers and others in the social service sector to celebrate their achievements in the roles they play in the lives of vulnerable families and communities.

The theme this year is "Co-building a New Eco-Social World: Leaving No One Behind (Bersama Membina Dunia Eko-Sosial Baru: Tiada Yang Ketinggalan)" and it highlights a vision and action plan to create new global values, policies and practices that develop trust, security and confidence for all people and the sustainability of the planet, as well as to engage all stakeholders, and network with the community to make contributions to the values and principles which enable everyone to have their dignity and be respected through an efficient eco-system thus leaving no one behind.

MASW PRESIDENT

Prof. Dr. Azlinda Azman.

Congratulations

KODAK PORTA 400

This is another milestone to the development of social work in Malaysia. Everyone can see the success but not everyone can see the passion and hard work it entailed to reach this stage to achieve.

Once again congratulations!
Let's do it, the social work way!
